

# STRATEGIC SOURCING COMPLEXITY SIMPLIFIED AND TRANSFORMED WITH A USER-FRIENDLY PLATFORM

“ We chose the Ivalua solution because of the breadth of its functional footprint and its modularity. In addition, users from the pilot program particularly appreciated the ease of use and intuitive design of Ivalua. Veolia uses the Ivalua platform to meet the reporting needs of the executive management team, while better-serving our Procurement community. Ivalua helps us to enhance the automation of data exchange and to share purchasing repositories and data in a user-friendly tool. ”

**Benjamin HULOT**  
VP Purchasing Performance  
Veolia

## OBJECTIVES

- ✓ Address the full end-to-end Procurement process, including unique requirements
- ✓ Share and implement a common savings methodology and monitor action/savings plans
- ✓ Create a single repository of framework agreements across 40 countries and monitor contract lifecycles
- ✓ Create a single repository of all supplier information and a 360-degree view of all activity
- ✓ Establish and track common Procurement KPIs

## CHALLENGE

- ✓ Finance and Procurement disagreement with savings numbers
- ✓ Large and complex vendor ecosystem
- ✓ Integration with multiple information systems
- ✓ Lack of a common savings process & methodology
- ✓ No common contract database to pull information from

## BENEFITS

1 unified global platform for sourcing, supplier management, contracts and analytics

Over 1,200 users across the platform

40 countries

11,000+ active and enabled suppliers

Over 500 categories managed

1,000+ Action plans generated annually

1,700+ Contracts managed annually

## SOLUTIONS SELECTED
